

Enabler of

ENERGY & DIGITAL REVOLUTIONS.

UzAssy
assystem

UzAssy

International independent company to accelerate energy transition worldwide

Assystem provides engineering services as well as digital solutions and services to optimise the performance of complex infrastructure assets throughout their life cycle.

To achieve an affordable low-carbon energy supply, Assystem is committed to the development of decarbonised electricity (nuclear, renewables and electricity grids) and clean hydrogen. The Group is also helping drive the use of decarbonised electricity in industrial sectors such as transportation.

ASSYSTEM OWNS ENTITIES DEDICATED TO:

PROJECT MANAGEMENT

RISK ANALYSIS

WORKING WITH INTERNATIONAL LEADERS

CEA • EDF • ENEC • ENEDIS • ENGIE • FRAMATOME • ITER • KACARE • NAVAL GROUP • NICDC • ORANO • RATP • ROSATOM • ROLLS ROYCE • ROYAL COMMISSION • SELLAFIELD • SGP • SNCF

More than **55 years** of experience

€500M revenue

More than **6,000** employees operating in 10 countries

2nd nuclear engineering in the world

- Operating countries
- Project delivery
- Off-shore center

TURNOVER BY SECTOR

70% Nuclear

8% Renewables, H2 & Grid

16% Cities & territorial development

6% Defence

Our comprehensive range of services

Inception > Feasibility > Design > Procurement > Construction > Commissioning > Operations > Dismantling

OWNER ENGINEER (FULL LIFECYCLE)

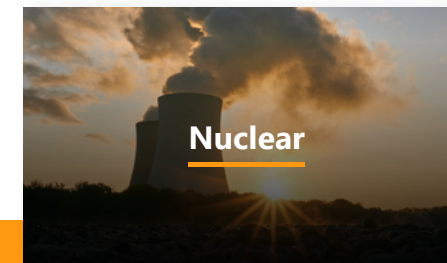

UzAssystem is the energy transition engineering joint venture to serve the low carbon energy strategy of the Republic of Uzbekistan

OUR CAPABILITIES

UzAssystem has delivered many high technology energy projects using a complete range of expertise and know-how to serve the compliance, security and performance needs of their clients.

OUR SECTORS

ENGINEERING

Siting, Permitting & Environment

- Site characterisation
- Environmental impact studies
- Permitting

Industrial control systems

- Specification & development
- Verification & Validation
- MRO

System engineering & Design

- Feasibility, conceptual design
- Design review
- Requirements management
- Interface & change management
- Detailed design

Master Plan Development

CONSULTING & PROJECT MANAGEMENT

Consulting

- Delivery strategy & organisation
- Lender Technical Advisor
- Readiness assessment

Project management

- PMO
- Configuration management
- Contracts & supply chain management
- Construction supervision
- Test and commissioning
- Shut-down supervision

COMPLIANCE, QHSE, SAFETY & SECURITY

Compliance & Quality, HSE

- Standards assessment & validation
- Licensing
- Equipment tests & qualification
- Suppliers qualification & monitoring
- QHSE
- Industrial risks & environment

Safety & Security

- Nuclear safety
- Industrial cybersecurity
- Security & site protection

DIGITAL

Digital transformation services

- Business consulting
- IT System Integration (PLM, BIM, PMIS...)

Digital solutions

- Digital system engineering and project management
- Field services solutions
- Industrial data science

Our DNA & Commitments

ENERGY TRANSITION

Supporting the development of low-carbon energy to contribute to the acceleration of the energy transition all over the world.

DIGITAL

Leveraging innovative and digital technologies to serve performance & digitalisation needs

CUSTOMER

Being client-oriented and provide tailor-made solutions

DELIVERY

Being committed to deliver the highest quality services on time

SAFETY & HSE

Implementing the best international practices to ensure health, safety, security and well-being to its people

DIVERSITY

Promoting diversity, convinced it is a richness for the company's development
